

**EVANSVILLE FIRE DISTRICT**  
**RADIO PROCEDURES FOR MABAS CALLS**  
**2-1-2026**

**In County MABAS Calls -**

Rock County – MABAS Division 104

When paged for a Rock County MABAS call – when calling to go enroute, switch immediately to MABAS radio bank and call Rock County Dispatch on IFERN 1 to let them know you are enroute.

**EXAMPLE:** On IFERN 1 channel – “MABAS Division 104 from Evansville Engine 612, we are enroute with four personnel to Orfordville for the structure fire”.

**Out of County MABAS Calls**

**Dane County – MABAS Division 115**

**Green County – MABAS Division 105**

**Jefferson County – MABAS Division 118**

**Walworth County – MABAS Division 103**

When paged to respond to a MABAS call outside of Rock County, then please call Rock Fire as we normally do to tell them you are enroute to the MABAS call for MABAS Division \_\_\_\_\_. Then next, switch the “red channel” radio to the MABAS bank and be sure you are on the IFERN channel. At this point call the MABAS Division you have been requested by and radio this MABAS Division and let them know you are enroute. Be sure and communicate you are “Evansville” and the type of apparatus and the number of the apparatus. IS: Evansville Engine 612 or Evansville Tender 661. If you do not reach the affected MABAS Division, call back on Rock Fire channel and ask Rock County Fire Dispatcher to call the MABAS Division and let them know we are responding.

**EXAMPLE:** On Rock Fire channel – “Rock Fire, Evansville Engine 612 enroute to MABAS Division 115, for a structure fire on Mortensen Rd for the Brooklyn Fire Dept”.

Then switch over the red channel radio to the MABAS bank and be sure and be on the IFERN channel and then communicate – “ MABAS Division 115, Evansville Fire, Engine 612 is enroute to the structure fire on Mortensen Rd to assist the Brooklyn Fire Department”.
